## *Professional Information*

## *Summary*

Overall, I am an overachiever with an ambition and motivation to do my best at all I do and help others while doing it. I am at a turning point in my life, where I am transitioning from non-profit focus, to a job orientated career path, after many years of struggling with my own business.

After graduating from UC Santa Cruz with a Bachelors Degree in Environmental Studies and Biology, I got hired into a position created from my extracurricular activities within the Campus Sustainability Movement, as the UC Santa Cruz's Sustainability Advisor. After a few years my role ended and I started my own Wellness Center in downtown Santa Cruz. I closed the center down in the 2008 financial crisis, and went in and out of jobs and non-profit organizing until now including working with the US Census Bureau, Macy's, Whole Foods.

I am a wealth of skills and knowledge from my years of experience running my own business and working in the non-profit sector. Additionally I speak Spanish and have contacts and knowledge of national and international organizing and communications.

## *Education*

**1998-2004** Bachelors in Environmental Studies and Biology, University of California Santa Cruz

**1994-1998** Gunn High School, Palo Alto

## *Experience*

### **2011-2012 BJC - Consulting Contractor with Inspired Legacies**

Collaborated to provide training and information on International Organizing Movements, most focused on gathering data and reporting on the Occupy Movement.

### **2009-2010 Enumerator, US Census Bureau**

Door to door listing with hand held computer device and communicating about the census process.

### **2006-2008 CEO BJC Wellness Support Services**

Started my own business to support clients as a Warrior Yoga Instructor, Pranic Healer, massage practitioner, detox foot baths, and overall wellness support in healing and preventative care.

### **2004-2006 Sustainability Advisor, UC Santa Cruz Student Environmental Center**

Established \$350,000 annual permanent budget for the student Campus Sustainability Committee at UC Santa Cruz and stayed on to advise and establish the structures to oversee finances and develop collaborative relationships with the administration for the successful sustainability implementation.

## *Skills*
